
Comments Sheet

Any comments received pertaining to the study will be collected under the Freedom of Information and Protection of Privacy Act and the Environmental Assessment Act, unless otherwise stated in the submission. Any personal information such as name, address, telephone number and property location included in a submission will become part of the public record files for this matter and may be released, if requested, to any person. Providing your name, address and email is OPTIONAL. However, if you wish to receive mailings regarding this EA please provide your name and either your address or email.

Please place completed comment forms in the marked Comments Box or email completed forms by March 3, 2026 to the contacts at the end of this form.

Name (Optional): _____

Address (Optional): _____

E-mail address (Optional): _____

Status with respect to the Stroud Water System (please check applicable boxes)

- I am a resident of Stroud and connected to the municipal groundwater system
- I own a business that operates and is connected to the municipal groundwater system
- My business is NOT connected to the municipal groundwater system
- None of the above

**Stroud Water Storage Facility and Booster Pumping
Station
Municipal Class Environmental Assessment (Schedule B)
Public Information Centre
February 9, 2026 from 5 PM – 7 PM**

Please provide your thoughts and comments on the information provided at this meeting:

- 1) Would like to know how costs of development will be spread on to existing residents
- 2) want to know if known flooding issues in stroud - particularly Lawrence ave / Richardson St in Innisfil - existing Rice development planned → will this cause more flooding issues? How will this be mediated?

**Please place completed forms in the marked Comments Box or email
