NOTICE OF PROJECT COMPLETION

Sandy Cove Sewage Pumping Station

Municipal Class Environmental Assessment

InnServices Utilities Inc., the Water and Wastewater Utility for the Town of Innisfil, undertook a Municipal Class Environmental Assessment Study to determine the requirements for a new sewage pumping station in the Sandy Cove Settlement Area. The Municipal Class Environmental Assessment has concluded with a recommended solution for a new sanitary pumping station to provide servicing for new growth identified in the Town's MSP and Official Plan and provide for long-term servicing of lands that cannot be serviced by gravity sewers.

This Notice of Completion serves as the final mandatory point of contact. The Municipal Class Environmental Assessment Project File Report is placed on public review for a 30-day review period, starting on January 22, 2025, and ending on February 21, 2025. This report is available on InnServices website at https://innservices.co/infrastructure-upgrades/environmental-assessment/sandy-cove-sewage-pumping-station

Comments

If you have questions or comments about the Municipal Class Environmental Assessment, please contact one of the study representatives listed below within the public review period:
